Why eBay?

It's now free to sell - What you earn, you keep. eBay has removed fees¹ for UK-based private sellers in all categories, except vehicles.

Easy and secure payments - Get paid securely, with seller protections in place and 24/7 phone support when needed.

Simple Delivery - Get prepaid labels and QR codes automatically, with lost or damaged items fully covered.

Seller Protection Policy: When you sell on eBay you are protected from events outside of your control.

Selling made easy: eBay has powerful tools to help you manage your inventory and orders, track your sales and build your brand.

Seller Support: Dedicated support from the Business Development, Merchant Integration, Global Customer Experience, and Account Management teams make it easy to onboard and succeed in the marketplace.
