linnworks | Inventory PLANNER by Sage

Streamline your operations and maximize profitability effortlessly with Linnworks and Inventory Planner by Sage

Inventory Planner by Sage is the premier inventory planning software empowering thousands of ecommerce businesses worldwide. Their cutting-edge solution helps businesses streamline and upgrade their inventory operations and boost revenue with intelligent purchasing decisions, driven by advanced planning and forecasting capabilities.

Why Inventory Planner?

Forecast customer demand with confidence

Predict what you'll sell, when, and where. Inventory Planner analyzes sales trends, seasonality, and supplier lead times to ensure you're always stocked just right—no more guesswork.

Get the purchasing power to protect your cash flow

Save time, reduce errors, and optimize cash flow with data showing when to order inventory and how much—based on real-time demand, lead times, supplier rules, and marketing plans.

Make fast decisions to future-proof your business

We turn your complex, siloed inventory and sales data into 200+ meaningful and intuitive metrics (from top level detail to granular SKU-by-SKU analysis).

Why Linnworks?

Linnworks is a Connected Commerce Ops™ platform that gives online retailers the power to connect, automate and scale their ecommerce operations from a single source of truth. The platform gives them a bedrock of tools (listings, order/inventory/warehouse management) that are needed to drive new revenue, exceed customer expectations and streamline logistics.

Linnworks power businesses to drive growth and boost brand success.

Linnworks processes $8bn+ GMV each year globally and serves some of the world's biggest brands.

Linnworks connects with over 100 selling channels including global marketplaces, D2C platforms and emerging selling channels.
